Inland Revenue Charity Ref No: NIC 102416

URGENT APPEAL!

Amara Aid has supported Arusha Premature baby unit since 2015 and much has been achieved in saving the lives of babies (from 2lb in weight) who would otherwise have died at birth.

Owing to the Covid 19 crisis oxygen supplies are very limited at the hospital in Arusha, Tanzania, East Africa. Please help us raise £10,000 to purchase extra oxygen for the hospital.

NEW BUSINESS START-UP PROJECT

As some of Amara Aid's orphans are now over 21 years of age we are helping in a small way to finance the start up of a business for them.

For example Annastazia has had a hearing problem for many years now and although she did well in education she is now based at home baking pastries and bread for the neighbourhood. Previously she made crisps from bananas to supplement the household finances. Two other orphan girls live with her and attend the local technical college. These young people have been supported by Amara Aid since a young age and have grown into lovely adults.

NEW SCHOOL FEEDING PROGRAMME IN MOZAMBIQUE

This programme started in March 2021. Due to covid the government only allow small groups of 50 to come to school for a short time each day. So at the moment 150 are getting fed on a daily basis. There are 300 children on the register at the school but they come on alternate days Monday – Saturday.

The children were delighted and very much enjoyed their school meals.

As a tax payer I wish AMARA Aid to benefit from the Gift Aid Scheme

I wish to support Amara Aid by making a donation of £to

- ☐ Poor Families Support ☐ Start Up Business Programme
☐ Mozambique School Feeding Programme ☐ Premature Baby Incubator

NEW INCUBATOR

A new incubator has been purchased for the neo-natal unit at Arusha hospital by Amara Aid. A plaque has been placed on it in memory of Miss Mary McWilliam who died suddenly in 2012 and left a bequest of money to Amara Aid. Mary was first and foremost a loving servant of her Saviour, Jesus Christ. She taught mathematics at Ballyclare Secondary School and was involved in the Scripture Union there until her retirement. She was one of the founding Amara Aid Directors in 2001 and for 9 years was secretary and her skills as an organiser were invaluable.

A plaque was placed in memory of Mary on the newest incubator in Arusha Medical Centre, Tanzania.

Mary McWilliam with Jim, Paul and Iris at the 10th Anniversary Praise Evening.
